

The Art of the Possible

Harbourfront Centre, the heart of Toronto's waterfront, is a crucible of community, culture, youth, and diversity; accessible and vital for all. We recognize our significance as a catalyst for creating a better understanding and appreciation of the diverse societies represented within the multi-cultural mosaic of Canada.

Harbourfront Centre also recognizes the importance and impact corporate philanthropy has in our society. To this end, we know that our ability to be inclusive and accessible in the community is made possible by companies who share our values and understand the importance of *Youth, Community Building, Creativity and Innovation*, and the *Public Realm*.

Torontonians and Canadians of all backgrounds, appreciate the value that Harbourfront Centre brings to our community. Over 70% of our programming is free for anyone – whether it's an event, exhibition, performance, or activity, we're accessible for all citizens!
